“For over 50 years we assume life retrocession and reinsurance.”

Swiss Life accompanies and advises its customers throughout decades. Corporate clients benefit from our financial strength and 160 years of experience.

Swiss Life Group

Swiss Life is a leading provider of life and pensions and financial solutions in Europe. Registered in Zurich, Switzerland the Group was founded in 1857 as Schweizerische Rentenanstalt and the shares are listed on the SIX Swiss Exchange (SLHN). For over 160 years we have been helping private and corporate clients prepare their financial future. This is the origin of our mandate at Swiss Life: we enable people to lead a self-determined life.

In its core markets, Swiss Life provides individual pension and financial advice to help companies and private persons identify financial risks at an early stage and take corresponding measures. Thanks to long-term, sustainable investing, Swiss Life is able to enter into obligations and to make and keep guarantee promises over several decades. This allows us to help our clients to look to the future with financial confidence.

The dedicated reinsurance team, of which many have more than 15 years of industry experience, operates out of Zurich, Switzerland. The lean structure, flat hierarchy and autonomy of Swiss Life Reinsurance means that our partners deal with empowered decision makers.

Swiss Life Reinsurance writes business globally. Our focus lies on Europe and North America, where we assumed life retrocession and life reinsurance for 50 and 35 years, as well as on Asia and Australasia.
